Sir or Madam:

1. My name is Miriam C. Freeman. I have been employed as a patent secretary by Haverstock & Owens LLP since February 13, 2007.
2. My duties as a patent secretary include supervision and maintenance of records of regularly conducted business activity including, but not limited to, mailings and filings to and from the U.S. Patent and Trademark Office.
3. My duties also include utilizing an automated docketing system which allows me to track U.S. Patent and Trademark Office deadlines for applications.
4. It is the regular practice of Haverstock & Owens LLP to maintain the docketing system for applications of the U.S. Patent and Trademark Office.
5. Although the assignees, Sony Corporation and Sony Electronics, Inc., intended to respond to the office action in a timely fashion, inexplicably, the deadline for filing a Request for Continued Examination for the above-captioned application was unintentionally missed.

6. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application, any patent issuing thereon, or any patent to which this declaration is directed.

Respectfully submitted,

Dated: 5/29/08
